

Daily Calendar

THE WEATHER.

For Eastern New York—Cloudy, probably occasional rain, to-day; fair to-morrow; fresh south winds.

For New Jersey—Cloudy, occasional rain and moderate temperature to-day; to-morrow fair and colder; fresh southerly winds.

For Northern New England—Rain and warmer to-day; to-morrow cloudy; moderate temperature; fresh southerly winds.

For Southern New England—Cloudy, probably occasional rain and moderate temperature to-day; to-morrow fair; fresh southerly winds.

For Western New York—Probably rain to-day, somewhat colder to-night; to-morrow snow flurries and colder.

WASHINGTON, Jan. 1.—A disturbance of considerable intensity was central Saturday night near Lake Superior and another was over the western Canadian provinces. Areas of high barometer covered the Atlantic States and the region west of the Rocky Mountains. There have been rain and snow within the last twenty-four hours along the northern border from the great lakes westward to Montana and rains in the great central valleys, the middle Gulf States, the middle Atlantic, New England States and on the north Pacific coast.

The weather became considerably warmer to-day in the Eastern and Southeastern States and much colder over the plains States and the Mississippi Valley.

In the New England States there will be snow, with higher temperatures Sunday and cloudy weather with moderate temperature on Monday in the middle Atlantic and south Atlantic States. The weather will be threatening, with mild temperature and occasional rain, on Sunday and fair and sunny on Monday in the east Gulf States, Tennessee and the Ohio Valley the weather will be fair and colder Sunday and fair Monday. In the region of the great lakes there will be rain and snow, with lower temperature, Sunday and Monday.

Observations at United States Weather Bureau stations, taken at 8 P. M. yesterday, seventy-fifth meridian time:

Average temperature, 37.

"ROUT the RAT!"

Forewarned! Forearmed!

"War on rats asked by plague expert."

TRIBUNE.

"It is a public disgrace to allow the rats to remain in control of the Levee."

This new drive to rid ourselves from the danger of rat-carried disease—cries with imploring voice to every man-jack of us.

What will we do? Close our ears? Shut our eyes? Irresponsibly take a chance? NO. We venture to say that this movement will call forth a shoulder to shoulder effort to destroy the carriers of the most hideous disease that can visit a community.

Paris calls it "MALADY No. 9." In the Orient it is known as the "GREAT MENACE." We call it "RUBONIC PLAGUE."

Let us remember that wherever rats exist, there exists a receptive condition for the destruction of man! So get behind the "ROUT THE RAT" movement. Urge your neighbors to purge their homes. Insist upon your employers making their factories safe.

If you cannot get relief, communicate with this Company. We will do the work in the interest of this movement at reduced cost and give our customary full year's guarantee. Signed
